For those suffering from Knee Pain, join us on July 17, 2018 from 6:30-7:30 pm

Learn the 4 main causes of knee pain & what to expect with a total knee replacement

Free workshop reveals the Single Biggest #1 Mistake that people suffering from knee pain make

This workshop is for you if....

- Walking has become excruciating
- It's hard to go up and down stairs
- You just can't stand for any length of time anymore
- You're missing out on spending quality family time with your spouse, kids, and grandkids.
- You've given up a hobby...golf, bowling, tennis, shopping, or just plain going out to dinner

***If you have answered YES to any of the above questions (or have a stubborn spouse who is in denial),
the Knee Pain Workshop may be a life changing event for you...***

"Before physical therapy, I wasn't able to do my chores without my knee brace on. Now with physical therapy, I am able to do extensive walking and carry a load of grain. I was shocked that when I got home, I didn't have my brace on. The experience has helped me with my pain, and I have more strength now than before." ~ Daniel B.

Here at Columbus Physical Therapy, we've helped hundreds of people from right here in Columbus and the surrounding area, who have suffered needlessly with knee pain issues...it's our specialty. So by request, we're hosting a Knee Pain Workshop here at Columbus Physical Therapy at 3211 25th St., Columbus, NE 68601 on Tuesday, July 17, 2018 from 6:30-7:30 p.m.

If you're confused about what to do and are looking for answers, here's some of what you'll learn:

- The Single Biggest #1 Mistake knee pain sufferers make which actually stops them from healing...
- The 4 Most Common Causes of Knee Pain issues....
- What to expect with a Total Knee Replacement...
- What successful treatment and relief looks like without the side effects of medications, injections or surgery.

A photograph of a Slumberland Furniture store building. The building is a single-story commercial structure with a reddish-brown upper facade and a tan lower section. Large white letters spell out "slumberland" in a serif font, with "FURNITURE" in a smaller, all-caps sans-serif font below it. The storefront features large glass windows and a central entrance. The building is set against a clear blue sky. In the foreground, there is a yellow-painted curb and a red fire hydrant on the right side.
